CIA-Zionist-Controlled Media in JFK Coverup

November 16, 2013

(Left. Dan Rather didn't shoot JFK. But he and his colleagues covered up the truth. (<http://www.thetruthseeker.co.uk/?p=84469>).

They are complicit in the crime.)

ZIONISTS MADE KENNEDY AN OFFER - SILVER OR LEAD?

JFK REJECTED THE BRIBE.

Dave Martin suggests that along with the CIA, Israel played a role in the JFK assassination. Both control the US media who cover it up.

Americans are mostly unaware of the mind control exercised by the Zionist media. (<https://henrymakow.com/>

The Kennedy Assassination & the Press (<http://www.dcdave.com/article5/131115.htm>).

Our nation's press is guilty of an ongoing cover-up of the truth about the JFK assassination.

So who controls our press? The establishment Left has a ready answer ... the "corporate media," as if that explained everything...

A much better candidate for U.S. media controller when he comes to major matters of state like the Kennedy assassination (or 9/11, for that matter) also happens to be one of the prime suspects in the assassination, the CIA. Check out the Wikipedia page for "[Operation Mockingbird](http://en.wikipedia.org/wiki/Operation_Mockingbird)," (http://en.wikipedia.org/wiki/Operation_Mockingbird) which begins this way:

Operation Mockingbird was a secret campaign by the United States Central Intelligence Agency (CIA) to influence media. Begun in the 1950s, it was initially organized by Cord Meyer and Allen W. Dulles, it was later led by Frank

Wisner after Dulles became the head of the CIA. The organization recruited leading American journalists into a network to help present the CIA's views, and funded some student and cultural organizations, and magazines as fronts. As it developed, it also worked to influence foreign media and political campaigns, in addition to activities by other operating units of the CIA.

It certainly sounds like we're getting warm, doesn't it? Wikipedia uses the past tense, but who can doubt that it's still going on?

The CIA's counterintelligence chief James Jesus Angleton, (<http://nodisinfo.com/Home/zionist-murderer-jfk-identified/>) left, orchestrated the CIA's cover-up of the assassination. And what more do we know about Angleton? According to Michael Collins Piper, author of *Final Judgment: The Missing Link in the JFK Assassination Conspiracy*, James Angleton, the CIA liaison to the Mossad, was a devoted partisan of Israel who not only orchestrated the scenario linking accused assassin Lee Oswald to the Soviet KGB but who later circulated disinformation to confuse

investigations into the assassination.

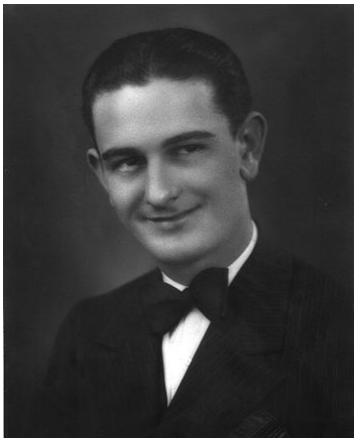

Does the CIA fit alongside the Mossad in the JFK assassination?

According to Piper, pro-Israel organized Jewry, controls the media and is also a leading suspect in the JFK assassination. Their main motivation was Kennedy's adamant opposition to Israel's nuclear aspirations. The primary evidence is ... Clay Shaw who was on the governing board of the Mossad front organization Permindex

and had ties to the leading Zionist Bronfman family of Montreal, Canada, through the former OSS operative Louis Bloomfield.

LBJ A ZIONIST PAWN

Another researcher, Salvador Astucia (a pseudonym), independently deduced Israel's involvement in the JFK assassination... In his *Opium Lords: Israel, the Golden Triangle, and the Kennedy Assassination* goes beyond Piper in finding motives for Israel to want the extremely pro-Israel Lyndon Johnson to be president instead of John Kennedy.

(Young LBJ.)

Their plans for expansion through what became the Six Day War in 1967, according to Astucia, already had to have been in the works in 1963, and Kennedy was as likely to have been as big an obstacle to their aspirations as President Dwight Eisenhower had been during the Suez Crisis...

In contrast to Johnson, Kennedy's attitude toward Israel and his concept of the proper function of an American president is well captured by this little vignette from page 143 of Richard Reeves' book, President Kennedy, *Profile of Power*:

"Jewish Democrats, particularly in New York, did not yet fully trust the son of a man who had been accused of being both anti-Semitic and pro-Nazi. Nor did John Kennedy, comfortably surrounded by Jewish staff members, trust all Jews, particularly New Yorkers. "I had the damndest meeting in New York last night," he had said to his friend Charlie Bartlett one day in the early fall of 1960. "I went to

this party. It was given by a group of people who were big money contributors and also Zionists and they said to me, 'We know that your campaign is in terrible financial shape!'...The deal they offered me was that they would finance the rest of this campaign if I would agree to let them run the Middle Eastern policy of the United States for the next four years."

That might well have been part of the sort of *plata o plomo* (silver or lead) offer made famous by the Medellin drug cartel. Kennedy rejected the offer and the lead arrived in Dealey Plaza.

It would not have been the first time. Bernard Baruch warned Secretary of Defense James Forrestal that his opposition to the creation of the state of Israel was a personal liability.

In the "*Who Killed James Forrestal?*" series (<http://www.dcdave.com/article4/021110.html>) we demonstrate that ... Forrestal was assassinated and that by far the most likely culprits were the Zionists. According to evidence presented by Christopher Bollyn in *Solving 9/11: The Deception that Changed the World*, it would also not be the last time that the Zionists were behind a bloody and audacious act in the United States in furtherance of their Middle Eastern ambitions.

First Comment from JG:

John Kennedy's enemies on Capitol Hill were not restricted to the Israeli Mossad only.

Sam Giancana's brother wrote a book called "Double Cross" in the early 1990s that details very well John Kennedy's father's history with organized crime and how it was Sam Giancana himself that "pushed" votes in Cook County Illinois to get John elected.

Once in office, John and Attorney General Bobby Kennedy started prosecuting organized crime like never before. This infuriated the "mob".

Also the CIA was very unhappy with John Kennedy and blamed him for their failed "Bay of Pigs invasion by refusing to give them more planes. John Kennedy vowed that he would break the CIA "into a 1000 pieces" after this.

Also, LBJ's Texas Oil Barron Constituency were not happy with John Kennedy either. There were "gas wars" between the oil companies back in the early 1960s when the lid was taken off oil prices. The public saw real cheap gas prices.

Yes, John Kennedy had many enemies in Washington.

Comments for "CIA-Zionist-Controlled Media in JFK Coverup "

Michael said (November 19, 2013):

Very good, timely article. 50 years later, mainstream media stories that shy from the overwhelming evidence of conspiracy, do a great dis-service to the memory of JFK. The assassins are no longer alive, but the systems are, and today's participants are still with us, continuing their warped legacy of complicity by cover-up. I also read Piper's "Final Judgement." Having read a lot on the subject of Kennedy's death, it's one of the best in my opinion. It's well organized, clearly written, revealing. Historian, Alfred Lilienthal supported the book's thesis. It was also endorsed by Israeli peace activist, David Rubinstein. Even pro-Zionist, Barry Chamish, had this to say, " Final Judgement makes a pretty cogent case, for the Mossad being the moving force behind the assassination of JFK." That fact that all these years later, American leaders are still bed buddies with these people speaks volumes.
